(*d*) The available tools in the Koti shall be spared for work and in case the number of coolies is more than that of tools available, the contractor should himself provide the extra tools required. The tools spared from the Government should be returned intact, as otherwise, the cost thereof will be deducted from out of the contractor's dues or from his security deposit amount.

(*e*) That the contractor should be present at the Sandal Koti at all times the preparation is going on and he shall be solely responsible for all acts and omissions by his coolies.

(*f*) That the Koti preparation will be done in strict conformity with the assortment rules and as per directions of the officer-in-charge of the koti. That the rough wood to be given will be lotwar and until such lots once given are all fully worked out and assorted, no further fresh lots will be given out for assortment.

(*g*) That payments will be made to the contractor after the wood is prepared, classified, weighed and put into lots in the koti lot room once every month, generally at the close of the month. The assortment includes the putting up into lots of white wood of different classes also.

(*h*) That no smoking will be permitted anywhere in the precincts of the Sandal Koti building and that in case of danger to the sandalwood by fire, the contractor will be liable to the Department for damages which will be recoverable as if it were an arrear of land revenue.

(*i*) That the contractor and his coolies will submit to the disciplinary measures that may have to be enforced by the Koti Officer during working hours.

(*j*) That for failure to fulfil all or any of the foregoing conditions, the contractor shall be liable for such fine as the District Forest Officer, at his discretion may levy, in addition to the forfeiture of the security deposit to Government, which will be recoverable as an arrear of land revenue.

N.B.—As a rule, higher rates are payable for the superior classes of prepared wood and less for Milva-chilta. Hence, two different rates should be quoted in the tender, one for the outturn of superior classes and the other for Milva-chilta, since the object aimed at is that greater care should be taken by the contractor to see that the Koti preparation work is conducted on principles of economy so as not to waste heartwood by conversion into chips. No charges are payable on the Milva-chilta if the outturn of the same is 15 per cent in proportion to the total production of good wood.

A. Superior Classes of prepared wood :—

1	Ghotla	7	Jajpokal I Class
2	Ghatbadla	8	Do II Class
3	Bagarsad	9	Ain Bagar
4	Roots I Class	10	Cheria
5	Do II Class	11	Ainchilta
6	Do III Class	12	Hatrichilta

B. Milva-chilta :—

1	Milva-chilta	3	Saw dust
2	Basola-bukeni		

(*k*) The tenderer should agree to give 40 tons of monthly minimum quantity fixed by the District Forest Officer. In case of failure to keep up the uniform progress, the work will be arranged otherwise; and any excess charges, that may be incurred will be recovered from the contractor as an arrear of land revenue.
